

Spring 2023

Dear Friends of Camp Cutler,

Camp Cutler is a spacious wilderness for families and youth groups to explore nature. Our only source of income to keep this facility in good condition and available is from people like you – service clubs, companies, businesses, and individuals. We need your continued support and contributions to meet the fixed expenses and expand the facility for increased usage and possibilities.

Spring is here and we are optimistic for 2023. It was encouraging to see increased usage of the Camp by Scout groups last year, with many already scheduled for this year. The Camp was benefited by an Eagle project that repainted the “Scout Law...” signs and placed 4 new benches around the property. An Eagle project approved for this year will tackle the overgrowth of Autumn Olive. Various other Scout groups are spending service hours cutting and cleaning up much of the downed trees that block trails. During last April’s Work Bee, we had help from Troops 609, 610, and Adventuring Crew 612. Much was accomplished with their help.

An ongoing goal has been to improve the Camp Cutler website. Last year we included the Nature Guide booklet as a link. Also, a vintage promotional video, created by Ann Hall a “few” years ago, was added to give an historical overview of the Camp. Please visit the website @ www.campcutler.com.

The Camp Cutler Work Bee will be Saturday April 29th. It’s a day of cleaning, raking, sweeping, and removing debris. We always end with a hot dog roast. Please feel free to come and participate if you would like to help out or just to enjoy a good campfire and fellowship. Please RSVP to Lance at 989-621-2794 for our hot dog count if you plan on coming.

Again, thank you for your support of Camp Cutler. We appreciate every donation we receive and promise you that it will be put to good use.

Sincerely,

Connie Marshall
Camp Cutler
